No.: 515-00-02069-2018-7-001

Date: 01.02.2019

Client:

NEOMEDICA DOO NIŠ

Niš (Palilula), Bulevar Svetog Cara Konstantina 82-86

With reference to your request filed with the Agency for Medicines and Medical Devices of Serbia under No. 515-00-02069-2018-7 of December 28th, 2018, requesting a "Free Sale Certificate" for medical devices of the manufacturer "Neomedica DOO", Bulevar Svetog Cara Konstantina 82-86, 18000 Niš, we would like to inform you of the following:

"Free Sale Certificate" is a document certifying that a medical device is normally and freely sold in the country of the manufacturer and can be freely exported and distributed all over the world. Based on the Medicines and Medical Devices Act ("Official Gazette of RS", No.30/2010), the Agency makes entries of medical devices into the Register of Medical Devices followed by a related Decision. The prerequisite for a medical device to be sold in the Republic of Serbia is for the medical device to own a valid decision on its being entered into the Register of Medical Devices. The Decision on entering of a medical device into the Register of Medical Devices is in itself a certificate that a medical device can be freely sold in the Republic of Serbia and can normally and freely be exported and distributed worldwide.

In particular, the herein listed medical devices of the manufacturer "NeoMedica DOO", Niš, have been entered, based on the appropriate decisions, into the Register of Medical Devices (see the enclosed table). These Decisions are in themselves a certificate that the listed medical devices can be freely sold in the Republic of Serbia and can normally and freely be exported and distributed worldwide.
